MSM ACADEMY

SECTION 0 · COURSE STRUCTURE

Your course journey

ISO/IEC 27001:2022 Consultant · Lead Implementer and Lead Auditor

13 sections · two simulations · two final exams

SECTION 0 · COURSE STRUCTURE

Build the foundation

S1

Information Security & ISMS Fundamentals

Core security concepts, and what an ISMS is and does

S2

ISO/IEC 27001:2022 — Clauses 1–10

The requirements, clause by clause, including the climate amendment

S3

Annex A Information Security Controls

The 93 controls, by theme, and what each one is for

Understand: the language and the requirements everything else builds on

SECTION 0 · COURSE STRUCTURE

Implement the ISMS

S4

Implementation Methodology & Practical Tips

How to plan and run an ISMS implementation project

S5

ISMS Gap Analysis

Assess where an organization stands against the standard

S6

Risk Assessment, Treatment & Statement of Applicability

Assess risk, decide treatment and build the SoA

S7

Documented Information & ISMS Toolkits

Create and control documented information, with two practical ISMS toolkit options

Lead Implementer block: the practical implementation journey

SECTION 0 · COURSE STRUCTURE

Audit and certification

Implement → Audit → Certify

S8 Auditing the ISMS

Plan, conduct and report ISMS audits, internal and external

S9 The Certification Process

How certification bodies certify an ISMS and keep the certificate current

Put it into practice

Quenvale · one continuous case organization, a payroll and HR software company

S10

Lead Implementer Case Study & Simulation

Your role: external consultant and Lead Implementer

Take Quenvale from the first conversation to the handover of a working ISMS

S11

Lead Auditor Case Study & Simulation

Your role: independent certification-body Lead Auditor

Return months later with no implementation involvement, and audit Quenvale for certification

Complete the course

S12

Course Completion & Certificate

What completion means, and how to request your MSM Academy certificate

S13

Final Assessment

Two final exams, one for each professional perspective

Lead Implementer Exam — **60** questions

Lead Auditor Exam — **60** questions

One course. Two professional perspectives. One complete ISMS journey.
